LIBRARY NEWS

You may have noticed some big changes in the library. We have a special cart for children's videos so they are all together. Also our card catalog fits nicely on the top of the bookcase and since it is right next to the stuffed chair there is space for your coffee cup while you read.

We've moved the mid-teen books to the children's book section and they are easier to reach now. The adult fiction section is ever expanding and you'll find the multiple author books on the back book shelf with an expansion of the adult fiction to another couple of shelves.

Gradually most of our VHS videos will be removed except those usable for classroom situations.
